Dear Sid,

During a recent conversation with [REDACTED] he brought to my attention that they had not received an official approval of the FAK and SLOE listings pertaining to System IV.

25X1A

Paul also mention that some of the SLOE items were of a long lead time nature on the commercial market and procurement should be released immediately to give concurrent delivery with System IV.

Sid, it probably would be to our best interest to check with Dan to see if he has forwarded his approval to Paul.

As a matter of information, my proposal to you was forwarded on 23 December 1957, file number 1374.

Sincerely,

[REDACTED] 25X1A
